#### **EXCEPTIONAL WORKABILITY AND ENVIRONMENTAL PERFORMANCE**

#### **Powerful and Environmentally Friendly**

- EU Stage V engine
- · Adjustable idle shutdown
- Komatsu fuel-saving technology

#### First-Class Comfort

- Fully air-suspended operator station
- Low-noise design
- Widescreen monitor

# NOMAT'SU PC 360 LC

#### **Maximised Efficiency**

- · Increased productivity
- Built-in versatility and superior productivity
- Enhanced engine management
- Improved hydraulic efficiency
- Komatsu Integrated Attachment Control (KIAC)

#### Safety First

- Komatsu SpaceCab™
- KomVision surround view system
- Neutral position detection system

#### Quality You Can Rely On

- Komatsu-quality components
- Extensive dealer support network

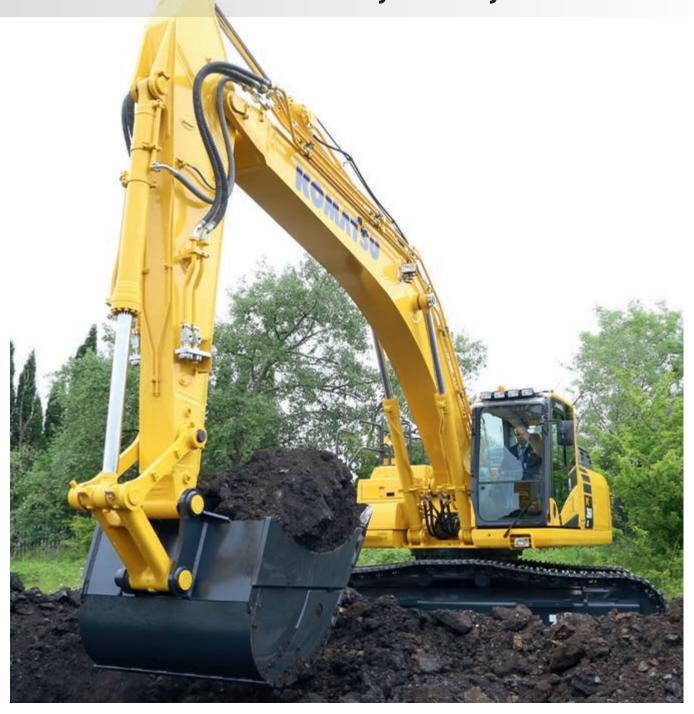

#### **KOMTRAX**

- Komatsu Wireless Monitoring System
- 3G mobile communications
- Integrated communication antenna
- Increased operational data and reports

A maintenance program for Komatsu customers

# Powerful and Environmentally Friendly

#### **Higher productivity**

The PC360LC/NLC-11 is quick and precise. It features a powerful Komatsu EU Stage V engine, Komatsu's Closed Center Load Sensing (CLSS) hydraulic system and first-class Komatsu comfort to provide a fast response and unrivalled productivity for its class.

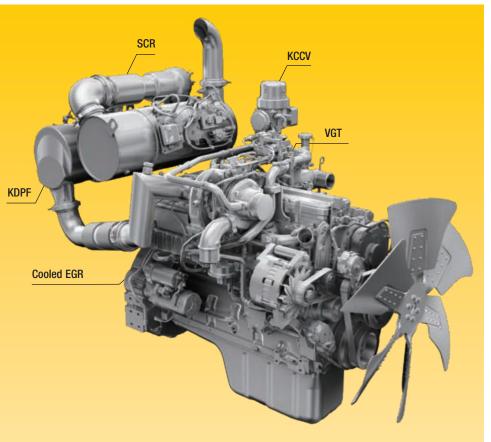

# Komatsu fuel-saving technology

Fuel consumption on the PC360LC/NLC-11 is lower by up to 5%. Engine management is enhanced. The variable speed matching of the engine and hydraulic pumps guarantee efficiency and precision during single and combined movements.

#### Adjustable idle shutdown

The Komatsu auto idle shutdown automatically turns off the engine after it idles for a set period of time. This feature can easily be programmed from 5 to 60 minutes, to reduce unnecessary fuel consumption and exhaust emissions, and to lower operating costs. An Eco-gauge and the Eco guidance tips on the cab monitor further encourage efficient operations.

#### Exhaust Gas Recirculation (EGR)

Cooled EGR is a technology well-proven in current Komatsu engines. The increased capacity of the EGR cooler now ensures very low NOx emissions and a better engine performance.

#### High-Pressure Common Rail (HPCR)

To achieve complete fuel burn and lower exhaust emissions, the heavy-duty High-Pressure Common Rail fuel injection system is computer controlled to deliver a precise quantity of pressurised fuel into the redesigned engine combustion chamber by multiple injections.

#### Komatsu Closed Crankcase Ventilation (KCCV)

Crankcase emissions (blow-by gas) are passed through a CCV filter. The oil mist trapped in the filter is returned back to the crankcase while the filtered gas is returned to the air intake.

#### Variable Geometry Turbo (VGT)

The VGT provides optimal airflow to the engine combustion chamber under all speed and load conditions. Exhaust gas is cleaner, fuel economy is improved while machine power and performance are maintained.

#### Komatsu EU Stage V

The Komatsu EU Stage V engine is productive, dependable and efficient. With ultra-low emissions, it provides a lower environmental impact and a superior performance to help reduce operating costs and lets the operator work in complete peace of mind.

#### Heavy-duty aftertreatment

The aftertreatment system combines a Komatsu Diesel Particulate Filter (KDPF) and Selective Catalytic Reduction (SCR). The SCR injects the correct amount of AdBlue® into the system at the proper rate to break down NOx into water (H<sub>2</sub>O) and nontoxic nitrogen gas (N<sub>2</sub>). NOx emissions are reduced by 80% vs. EU Stage IIIB engines.

Eco-gauge, Eco guidance and fuel consumption gauge

ECO guidance record

Fuel consumption history

# **Maximised Efficiency**

#### Large digging force

The two boom mode settings provide a "power" mode for a more effective excavating digging force and a "smooth" mode for gathering material and for fine grading operations. Pressing the PowerMax function button temporarily gives the PC360LC/NLC-11's digging force a further boost.

Choice of four arm lengths

#### A wide choice of options

Two optional attachment lines are available and 15 attachment memory settings are simply customised. Combined with a standard-fit hydraulic quick coupler power circuit, it's easier than ever to switch working styles. With a choice of arms and undercarriages, you can configure the PC360LC/NLC-11 to match specific demands for transport, working envelope or duty.

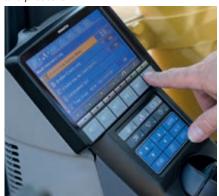

Two optional hydraulic lines to mount a variety of attachments

#### 6 working modes

The PC360LC/NLC-11 delivers the power required with the lowest fuel usage. 6 working modes are available: Power, Lifting, Breaker, Economy, Attachment Power and Attachment Economy. The operator can ideally balance the Economy mode between power and economy to match the work at hand. The oil flow delivered to hydraulic attachments is also adjustable directly on the class-leading widescreen monitor panel.

Komatsu Integrated Attachment Control (KIAC) for up to 15 tool presets for oil flow and pressure

Versatility at your fingertips: select the perfect setting for each job

### **First-Class Comfort**

#### Increased comfort

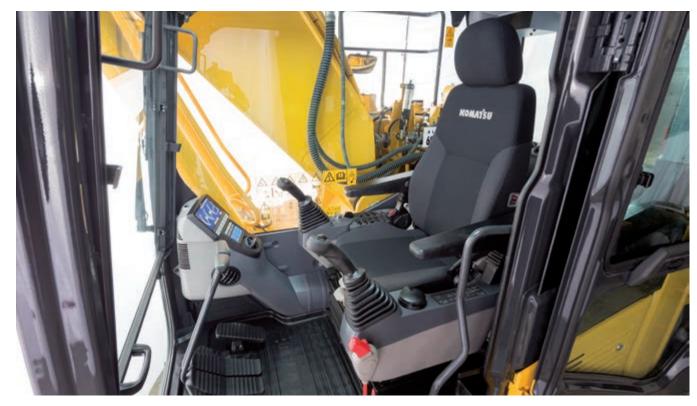

In the wide Komatsu SpaceCab<sup>TM</sup>, a standard air-suspended high-back seat, heated for improved comfort and with fully adjustable armrests, is the centre of a comfortable and low-fatigue working environment. High visibility and ergonomic controls further assist to maximise the operator's productivity.

#### Perfect operator convenience

In addition to the standard radio, the PC360LC/NLC-11 has an auxiliary input for connecting external devices and play music through the cab speakers. Two 12-volt power ports are also incorporated in the cab. Proportional controls are fitted as standard for safe and precise operation of attachments.

#### Low-noise design

Komatsu crawler excavators have very low external noise levels and are especially well-suited for work in confined spaces or urban areas. The optimal usage of sound insulation and of sound absorbing materials helps to make noise levels inside the cab comparable to those of an executive car.

Convenient, ergonomic and precise control: joysticks with proportional control button for attachments

Plenty of storage room, a hot and cool box, a magazine box and a cup holder

Armrest with simple height adjustment

# **Information & Communication Technology**

#### Lower operating costs

Komatsu ICT contributes to the reduction of operating costs by assisting to comfortably and efficiently manage operations. It raises the level of customer satisfaction and the competitive edge of our products.

#### Widescreen monitor

Conveniently customisable and with a choice of 26 languages, the widescreen monitor with simple switches and multifunction keys gives fingertip access to a large range of functions and operating info. The rear camera view and an AdBlue® level gauge are now incorporated into the default main screen.

#### An evolutionary interface

Helpful information is now easier than ever to find and understand with the upgraded monitor interface. An optimal main screen for the ongoing work can be selected simply by pressing the F3 key.

Quick view on the operation logs

With KomVision, various camera view options are available whilst maintaining constant "birdview" from above the machine

Operator identification function

# **Safety First**

#### **Optimal jobsite safety**

Safety features on the Komatsu PC360LC/NLC-11 comply with the latest industry standards and work in synergy to minimise risks to people in and around the machine. A neutral detection system for travel and work equipment levers increase jobsite safety, along with a seat belt caution indicator and an audible travel alarm. Highly durable anti-slip plates – with additional high friction covering – maintain long term traction performance.

KomVision cameras

Exceptional operator protection

Hand rails and anti-slip plates

#### **KomVision**

KomVision machine visibility gives the operator a constant clear view of the safety zone around the machine. This allows the operator to focus on the work at hand even in low light conditions.

#### Komatsu SpaceCab™

The ROPS cab has a tubular steel frame and provides high shock absorbency, impact resistance and durability. The seat belt is well designed to keep the operator in the safety zone of the cab in the event of a rollover. Optionally the cab can be fitted with a Falling Object Protective System (FOPS) with openable front guard.

#### Safe maintenance

Thermal guards around high temperature areas of the engine, protected fan belt and pulleys, a pump/engine partition that prevents hydraulic oil from spraying onto the engine, and exceptionally sturdy handrails: in Komatsu tradition, the highest safety level is provided for a fast and smooth maintenance.

# Quality You Can Rely On

#### Komatsu-quality

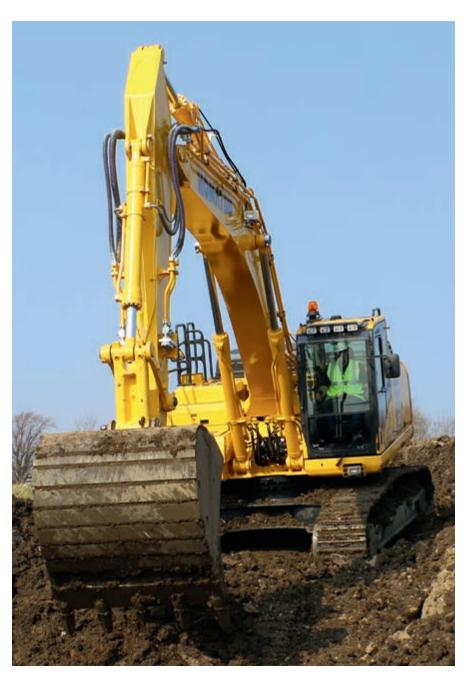

With the latest computer techniques and a thorough test programme, Komatsu's global know-how produces equipment to meet your highest standards. All major components of the PC360LC/NLC-11 are designed and directly manufactured by Komatsu, and essential machine functions are perfectly matched for a highly reliable and productive excavator.

#### Rugged design

Maximum toughness and durability are the cornerstones of Komatsu's philosophy – along with safety and top class customer service. Single piece plates and castings are used in key areas of the machine's structure for good load distribution. Highly durable rubbing strips on the underside of the arm protect the structure against impact damage.

#### **Extensive support network**

The extensive Komatsu distribution and dealer network is standing by to help keep your fleet in optimum condition. Customised servicing packages are available, with express availability of spare parts, to make sure that your Komatsu equipment continues to perform at its peak.

Durable and reliable undercarriage design for maximum protection

Cast boom foot and single piece boom plates

## **Easy Maintenance**

#### Central service points

Komatsu designed the PC360LC/NLC-11 with centralised and conveniently located service points to make necessary inspections and maintenance quick and easy.

#### Komatsu CARE™

Komatsu CARE™ is a maintenance program that comes as standard with your new Komatsu

machine. It covers factory-scheduled maintenance, performed with Komatsu Genuine parts by Komatsutrained technicians. Depending on your machine's engine, it also offers extended coverage of the Komatsu Diesel Particulate Filter (KDPF) or the Komatsu Diesel Oxidation Catalyst (KDOC), and of the Selective Catalytic Reduction (SCR). Please contact your local Komatsu distributor for terms and conditions.

#### Long-life oil filters

The Komatsu Genuine hydraulic oil filter uses high-performance filtering material for long replacement intervals, which significantly reduces maintenance costs.

#### AdBlue® tank

For simple access, the AdBlue® tank is installed on the front stairway.

#### Flexible warranty

When you purchase Komatsu equipment, you gain access to a broad range of programmes and services that have been designed to help you get the most from your investment. For example, Komatsu's Flexible Warranty Programme provides a range of extended warranty options on the machine and its components. These can be chosen to meet your individual needs and activities. This programme is designed to help reduce total operating costs.

Basic maintenance screen

Aftertreatment device regeneration screen for the KDPF

#### **KOMTRAX**

# The way to higher productivity

KOMTRAX uses the latest wireless monitoring technology. Compatible on PC, smartphone or tablet, it delivers insightful and cost saving information about your fleet and equipment, and offers a wealth of information to facilitate peak machine performance. By creating a tightly integrated web of support it allows proactive and preventive maintenance and helps to efficiently run a business.

#### Knowledge

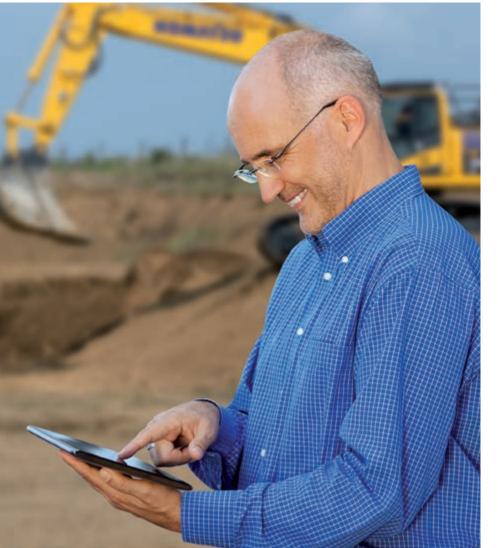

You get quick answers to basic and critical questions about your machines – what they're doing, when they did it, where they're located, how they can be used more efficiently and when they need to be serviced. Performance data is relayed by wireless communication technology (Satellite, GPRS or 3G depending on model) from the machine to a computer and to the local Komatsu distributor – who's readily available for expert analysis and feedback.

#### **Power**

The detailed information that KOMTRAX puts at your fingertips 24 hours a day, 7 days a week gives the power to make better daily and long-term strategic decisions – at no extra cost. Problems can be anticipated, maintenance schedules customised, downtime minimised and machines kept where they belong: working on the jobsite.

#### Convenience

KOMTRAX enables convenient fleet management on the web, wherever you are. Data is analysed and packaged specifically for effortless and intuitive viewing in maps, lists, graphs and charts. You can foresee eventual maintenance issues and required spare parts, and troubleshoot a problem before Komatsu technicians arrive on site.

<sup>\*</sup> Load is limited by hydraulic capacity rather than tipping. Ratings are based on SAE Standard No. J1097. Rated loads do not exceed 87% of hydraulic lift capacity or 75% of tipping load. Lifting capacity stated is based on lifting with bare arm. When lifting with additional equipment installed to the arm, please subtract the weight of all additional equipment from the values stated.

#### PC360NLC-11 MONO BOOM

- A Reach from swing center
- B Bucket hook height
- C Lifting capacities

Rating over front

☐⇒□ - Rating over side

● - Rating at maximum reach

With 600 mm shoes

Weights:

With 2,2 and 2,6 m arm: bucket linkage and bucket cylinder: 470 kg

With 3,2 and 4,0 m arm: bucket linkage and bucket cylinder: 435 kg

<sup>\*</sup> Load is limited by hydraulic capacity rather than tipping. Ratings are based on SAE Standard No. J1097. Rated loads do not exceed 87% of hydraulic lift capacity or 75% of tipping load. Lifting capacity stated is based on lifting with bare arm. When lifting with additional equipment installed to the arm, please subtract the weight of all additional equipment from the values stated.

# Standard and Optional Equipment

| ENGINE  |
|---|
| Komatsu SAA6D114E-6 turbocharged common rail direct injection diesel engine |
| EU Stage V compliant  |
| Suction type cooling fan with radiator fly screen                           |
| Automatic engine warm-up system   |
| Engine overheat prevention system   |
| Fuel control dial   |
| Auto-deceleration function  |
| Adjustable idle shutdown  |
| Engine key stop   |
| Engine ignition can be password secured on request                          |
| Alternator 24 V/90 A  |
| Starter motor 24 V/11 kW  |
| Batteries 2 × 12 V/180 Ah   |
|   |

| Electronic closed-centre load sensing (E-CLSS) hydraulic system (HydrauMind)  | • |
|---|---|
| Pump and engine mutual control (PEMC) system  | • |
| 6-working mode selection system; power mode, economy mode, breaker mode, attachment power and attachment economy mode, and lifting mode | • |
| PowerMax function   | • |
| PPC wrist control levers for arm, boom, bucket and swing, with sliding proportional control for   | • |

| Additional hydraulic functions               |
|--|
| Komatsu Integrated Attachment Control (KIAC) |
|  |

attachments and 3 auxiliary buttons

#### UNDERCARRIAGE

Two-mode boom control
Prepared for hydraulic quick-coupler

**HYDRAULIC SYSTEM** 

| Track roller guards                        | • |
|--|---|
| Track frame under-guards                   | • |
| 600, 700, 800, 850 mm triple grouser shoes | 0 |
| Full length track roller guards            | 0 |

#### WORK EQUIPMENT

| Mono boom                       | • |
|---------------------------------|---|
| 2,2 m; 2,6 m; 3,2 m; 4,0 m arms | 0 |
| Komatsu buckets                 | 0 |
| Komatsu breakers                | 0 |

Your Komatsu partner:

#### **CABIN**

and tightly sealed hyper viscous mounted cab with tinted safety glass windows, large roof window with sun shade, pull-up type front window with locking device, removable lower window, front window wiper with intermittent feature, sun roller blind, cigarette lighter, ashtray, luggage shelf, floor Heated, high-back air-suspended seat with lumbar support, console mounted height adjustable arm rests, and retractable seat belt Automatic climate control system 12/24 Volt power supplies Beverage holder and magazine rack Hot and cool box Radio (AM/FM) Auxiliary input (MP3 jack) Lower wiper

Reinforced safety SpaceCab™; highly pressurised

#### **SERVICE AND MAINTENANCE**

Automatic fuel line de-aeration

DAB+ digital radio w. auxiliary input (MP3 jack)

Rain visor (not with OPG)

| Double element type air cleaner with dust indicator and auto dust evacuator  | • |
|--|---|
| KOMTRAX – Komatsu wireless monitoring system (3G)  | • |
| Komatsu CARE™ – a maintenance program for Komatsu customers  | • |
| Multifunction video compatible colour monitor with<br>Equipment Management and Monitoring System<br>(EMMS) and efficiency guidance | • |
| Toolkit  | • |
| Service points   | 0 |
| Automatic greasing system  | 0 |

#### LED LIGHTING SYSTEM

beacon

| Additional working lights (#1): 2 cab roof (front),<br>1 cab roof (rear), 1 boom (r.h.), 1 counterweight,<br>beacon                                       | 0 |
|---|---|
| Additional working lights (#2): 4 cab roof (front), 1 cab roof (rear), 1 boom (r.h.), 1 counterweight, 2 boom cylinders, 2 revolving frame (l.h. + r.h.), | 0 |

Working lights: 2 revolving frame, 1 boom (l.h.)

#### **SAFETY EQUIPMENT**

| KomVision surround view system               | • |
|--|---|
| Electric horn                                | • |
| Overload warning device                      | • |
| Audible travel alarm                         | • |
| Boom safety valves                           | • |
| Large handrails, rear-view mirrors           | • |
| Battery main switch                          | • |
| ROPS compliant to ISO 12117-2:2008           | • |
| Emergency engine stop switch                 | • |
| Seat belt caution indicator                  | • |
| Neutral position detection system            | • |
| Arm safety valve                             | • |
| OPG Level II front guard (FOPS), hinged type | 0 |
| OPG Level II top guard (FOPS)                | 0 |
|  |   |

#### **DRIVES AND BRAKES**

0

| Hydrostatic, 3-speed travel system with automatic<br>shift and planetary gear type final drives, and<br>hydraulic travel and parking brakes | • |
|---|---|
| PPC control levers and pedals for steering and  | • |

#### OTHER EQUIPMENT

| Standard counterweight                                    | • |
|---|---|
| Remote greasing for swing circle and pins                 | • |
| Electric refuelling pump with automatic shut-off function | • |
| Biodegradable oil for hydraulic system                    | 0 |
| Customised paint  | 0 |
